

***For Tree Care Operations -
Tree, Shrub, and Other Woody Plant Maintenance
Standard Practices***

Publication of this draft standard for trial use and comment has been approved by the ANSI-accredited standards Committee (ASC) A300 secretariat, the Tree Care Industry Association. Comments from ASC A300 constituents shall be directed to their ASC A300 representative. The representative is responsible for presenting comments to the ASC A300 committee at the next meeting. All other public comments shall be directed to the ASC A300 secretariat at the address provided below. **Email comments are preferred!**
